Sponsorship Prospectus

Hackathons are invention marathons. Programmers, designers, builders, and others come together to learn, build, and share their creations over a weekend.

LauzHack is a student-run hackathon whose **sixth in-person edition** will take place at **EPFL**, one of Switzerland's two top tech schools, in **November/December 2023** (exact date TBD).

During LauzHack, **250 students** will build their dreams over a weekend, and we will award prizes to the most impressive projects.

Your company can reach out to the most innovative students with your newest APIs and tools, enabling participants to build all kinds of projects. Host a **tech talk** to show off your exciting tech, **challenge** students to innovate around your ecosystem, and **recruit** your next employees!

In addition to the sponsorship tiers in this document, we are open to custom add-ons such as a special mini-event or meal with your branding, custom "swag" for participants with your logo and ours, or any other interesting idea you may have. Feel free to contact us!

*The prices below are **early bird prices**, before September 1st;*
after that deadline, they will rise by CHF 1,000.

	Bronze	Silver	Gold	Platinum
	CHF 2,000	CHF 4,000	CHF 8,000	CHF 16,000 *max 1*
